Experience

Hung Vo Construction / Construction Worker

JULY 2021 - AUG 2023, Garden Grove CA

- Contributed to various construction projects, including a successful new room addition to a garage. Led the team in drywall installation, painting, and wood framing for walls, ensuring high-quality craftsmanship and timely completion.
- Demonstrated proficiency in operating a wide range of power tools and equipment, resulting in efficient and precise execution of tasks.
- Successfully executed physically demanding projects, including lifting and handling heavy objects, ensuring smooth project progress.
- Collaborated closely with team members and clients throughout the project, maintaining effective communication and addressing any concerns promptly.
- Adhered to safety regulations and implemented best practices, fostering a secure working environment and minimizing accidents or incidents.

MicroCenter / Retail Customer Service Representative + Cashier

AUG 2023 - CURRENT, Tustin CA

- Applied strong customer service skills in a fast-paced retail environment, assisting customers with product inquiries, purchases, and providing technical guidance.
- Demonstrated product knowledge and effectively communicated technical specifications to customers, resulting in improved customer satisfaction and sales.

Pokemon Butler / Graphic Designer

JUNE 2022 - CURRENT, Garden Grove CA

- Designed custom Twitch emotes and channel banners, enhancing branding and viewer engagement for streamers.
- Created visually striking advertising materials for a trading card company, increasing customer interest and product sales.
- Collaborated closely with clients to deliver designs tailored to

their vision, maintaining a high satisfaction rate.

- Optimized designs for multiple platforms, ensuring consistency and quality across digital and print media.
- Managed end-to-end design projects with strict deadlines, showcasing exceptional time management and attention to detail.

Education

California State University, Fullerton / B.S. Computer Science

Expected Graduation : May 2026, Fullerton CA
